Dear Allen:

STAT

consulting capacity for several years, has written you expressing his own thinking on what might be very helpful relative to Indo-China. I have known [redacted] for many years and have worked actively with him. I think you are aware of his fine cooperation with the C.I.A. He is very close to General Shepherd and Admiral Radford. Although I am not a professional in this field, I cannot help but believe that his suggestions should be looked into carefully and promptly.

If you feel that it is something you would like to discuss, I am sure [redacted] could work out his schedule to fit your book.
